

HP AI

Your best work – powered by AI

Transform how you scan, print, and manage your devices with intelligent new tools.

HP AI is built into your printers, software, and services to help you:

- **Work faster.**
- **Waste less.**
- **Achieve more.**

Empower your team to work smarter—work doesn't have to feel like work.

50%

of office customers feel AI brings efficiency to scanning & printing – saving time and boosting productivity

70%

of office customers would pay more for AI-powered scanning and printing

66%

of office customers would use AI for scanning and printing tasks

75%

of office customers expect to use AI to drive productivity

AI for the smarter workplace

Work smarter with intelligent new tools.

Editable OCR

Scan. —> Edit. Share. —> Done.

Transform your scans directly into editable Office files (.docx, .pptx, .xlsx). Searchable, shareable, and ready to go¹.

HP Scan AI Enhanced

Turn paperwork into ready-to-use data.

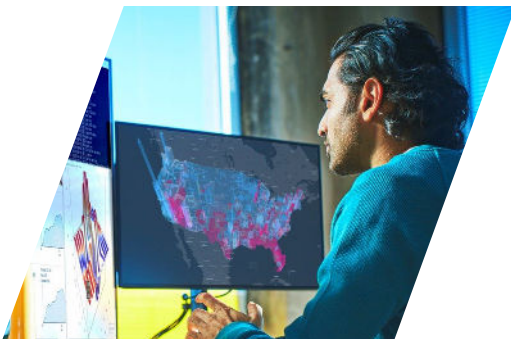

Key fields from scanned invoices, contracts, and notes auto-convert to digital. No manual entry required².

Guided Redaction

Keep your sensitive data safe.

Your device automatically removes Personally Identifiable Information before sharing, so you can work with peace of mind⁴.

HP Smart Device Services

Work without disruptions.

Using predictive technology, HP Smart Device services can monitor your devices in real time, anticipating failures before you notice. Your provider will resolve it—remotely or on-site³.

1. Editable OCR

Included in the Flow MFPs. Requires the purchase of a license for HP LaserJet Managed E730/731/785/786/826/877 and HP Color LaserJet Enterprise X500/X600. Requires HP FutureSmart 5.9 firmware.

2. HP Scan AI Enhanced

Not all MFPs may be compatible with Workpath apps. To enable HP Scan AI Enhanced, some devices may require optional accessory or firmware to be upgraded. Not all apps may be available in all locations. Subscription is required. Personalized content and integration functions are applicable to supported HP Workpath apps only.

3. HP Smart Device Services (SDS) is supported on both A3 and A4 LaserJet devices, requires Original HP supplies to be installed in the device, and supports Managed, Enterprise, and Pro-class HP devices dating back to 2008. Capabilities vary based on the age of the legacy device and Pro-class capabilities. For details, see: <https://hpsdsdevicesupport.com>

4. Guided Redaction

Available on Flow MFPs only. Requires HP FutureSmart 5.9.x firmware and the purchase of the HP Workflow Accelerator Card accessory. Initial launch is for US only.
